

## ITEMS/CARE PACKAGES FOR RESIDENTS DIRECTIVE

Within the past couple of days, in effort to follow guidance from the Centers for Disease Control (CDC), we temporarily suspended receipt of items for delivery to our residents. This action was taken because a new study from the National Institute of Health has determined that the Coronavirus (COVID-19) can live on objects for hours or even days on some surfaces.

We have now resumed receipt of care packages and items for our residents with a similar system we have put in place for receipt of mail. Items will be received at our front gate, placed in quarantine for up to 72 hours and then will be delivered to your loved one. *The necessity of quarantining items will prohibit us from receiving perishable items (example - temperature sensitive items that need refrigeration, candies that melt, etc.).*

At the bottom of this page you will find a form you can complete in advance to bring with the items to ensure their proper delivery. Should you prefer, these forms will be available at the front gate for you to complete when you drop off items for the resident.

Please know we continue to take every effort to keep our residents as safe and healthy as possible, and we ask your prayers as we daily seek God's guidance and strength during this challenging time.
